NOTICE OF TOWN HALL MEETING
Thursday, November 26th 2009
7:00 pm

Citizens' Forum

**to discuss proposed changes to Surrey's
Single-Family Residential (RF) Zoning**
(Increasing house sizes from 3,550 sf to a maximum of 4,550 sf)

As a follow-up to the City's public open houses, we invite you to play an active role in the consultation and decision-making processes that shape our community.

We want to make positive change in the City and ensure policies are put in place with enforceable bylaws. Consultation with stakeholders is encouraged to find practical, sustainable solutions that work for everyone.

Seating capacity is limited so stakeholders and community groups invited to participate include:

- Mayor and Council
- Senior Planning & Development Staff
- Surrey Ratepayers' Association (SRA)
- Surrey Association of Sustainable Communities (SASC)

Discussions will include balancing the need for higher density and larger homes to accommodate extended families with consideration for other concerns including:

- Impact on city infrastructure and services
- Impact on existing neighbourhood concept plans, covenants and design guidelines
- Impact of changes on current bylaw contraventions

A small group of thoughtful people
can change the world. Indeed, it's
the only thing that ever has.
